IZACOIL CONSULTING GROUP

We strive to provide high-quality service and support with our diverse range of activities

THE ART OF COMMODITY TRADING

expanding tank storage

Expanding tank storage facilities and agreements in Rotterdam, Fujairah and Mersin reflects our commitment to strengthening global logistics capabilities and enhancing regional energy infrastructure. These strategic expansions aim to increase storage capacity.

oil and gas

Implementation of Oil & Gas Enterprise Solutions involves deploying integrated systems that streamline operations, enhance data visibility, and improve decision-making across exploration, production, refining, and distribution activities.

shipping

Registering a new shipping line in Europe requires not only navigating the intricate web of maritime regulations but also aligning with both national and EU-level frameworks that govern commercial maritime operations.

venture agreements

Expanding joint venture agreements with the most famous refineries represents a strategic move toward greater market influence, resource security, and technological collaboration.

CEO MESSAGE

izac consulting group has a reputation of conducting business with honesty and integrity. We are proud of our achievements and believe our continued success is possible because of the people we work with. Looking ahead, we are focused on accelerating the execution of our growth strategy while continuing to build on the strength of our brand-in helping our clients share knowledge and create innovation and in bringing positive change to the commodity trades and risk management communities in which we work and live. I am incredibly excited about this journey and truly believe the best of Trading Company is yet to come.
